

Idaho School Psychologists' Association Adopted by ISPA Board (2016) Strategic Plan

Vision: Educating the whole child for success in life

Mission: The Idaho School Psychology Association helps children and youth succeed academically, emotionally, and behaviorally through collaboration, advocacy, and professional development.

GOALS

GOAL 1: Remedy Shortage of School Psychologists in Idaho

Objectives:

1. Increase number of school psychologists in Idaho.
2. Increase access to existing school psychologists in Idaho.
3. Provide guidance for contract services by qualified school psychologists
4. Collaborate with ISU and neighboring universities to increase enrollments and provide opportunities for site supervision of practicum/intern level students
5. Recruit school psychologists from other states

GOAL 2: Increase Membership in Idaho School Psychologists' Association

Objectives:

1. Fill vacant board positions
2. Increase activity at regional level with professional development offerings/community engagement
3. Revamp website
4. Encourage use of ISPA Facebook page

GOAL 3: Promote Collaboration with Stakeholders

Objectives:

1. Identify stakeholders (school psychologists, administrators, SESTA, parents, students, legislators, State Department of Education, Idaho State University, etc.)
2. Educate stakeholders on broad role of school psychologists (NASP Practice Model)

GOAL 4: Expand role of ISPA's GPR position

Objectives:

1. Career ladder
2. ESSA
